(54) Title: AN APPARATUS FOR REVISING CORPORATE CHECKLIST

(57) Abstract: An apparatus for supporting revision of a checklist for checking soundness of a company in accordance with revision of the laws and ordinances is provided. The apparatus comprises a first database of a checklist containing check items associated with provisions of laws/ordinances, a second database of laws/ordinances data including texts of provisions, and a computer for supporting revision of the checklist responsive to entry of revision of laws/ordinances. The computer is programmed to produce revision information indicating deletion, addition or updating of respective provisions of the revised laws and ordinances. The computer deletes from/add to the checklist a name of a provision of the laws/ordinances identified by the revision information, and delete a relevant check item when the revision information indicates deletion/add to the checklist a check item associated with the revised provision when the revision information indicates deletion.
